

2nd Announcement

The 5th Asian Meeting on Ferroelectrics (AMF-5)

Tokyo University of Science, Noda, Japan
September 3 - 7, 2006

We are pleased to inform that **The 5th Asian Meeting on Ferroelectrics (AMF-5)** will be held in Tokyo University of Science, Noda, Japan, September 3-7, 2006. This Asian-based international meeting is organized by *Asian Ferroelectric Association* (AFA, Chair: Prof. Tadashi Takenaka, Tokyo University of Science, Japan).

The AMF-5 is a sequel to a series of Meeting on Ferroelectrics held in Asia. The first meeting (AMF-1) was held in Xian, China (1995), and following AMF-2 in Singapore (1998), AMF-3 in Hong Kong (2000) and AMF-4 in Bangalore, India (2003). Scientists, engineers, research staff and students from universities, research institutes and related industrial companies are cordially invited to attend the meeting.

Noda city is located in the 30 km-north of Tokyo and it takes about 1.5 h by car or 2 h by train from Narita Airport.

The detailed announcements will be opened at the home page.

**The Proceedings* will be published in the special issue of an international journal "*Ferroelectrics*".

General Chair, AMF-5
Prof. Tadashi Takenaka
