

RUSSIAN ACADEMY OF SCIENCES  
SIBERIAN BRANCH

40  
ANNIVERSARY

Scientific Journal

Founded in January 1965  
6 issues annually

SCOPE OF THE JOURNAL:

- 1  
Analysis and synthesis of  
signals and images
- 2  
Artificial intelligence methods
- 3  
Real-time systems applied in science  
and industry
- 4  
Information-measurement systems
- 5  
Physical and technical bases of  
micro- and optoelectronics
- 6  
Optical information technologies,  
elements, and systems
- 7  
Simulation applied in physical  
and technical research
